

A BRIGHT FUTURE FOR BEVERLEY

From greener streets to safer neighbourhoods and new community spaces, discover what's happening in Beverley and how you can have your say.

Over the years, you've shared ideas about how Beverley could be an even better place to live. Through community consultations, petitions and conversations, we've heard what's important to you.

You've told us you want:

- More green space and improvements to existing parks and reserves
- Safer, easier ways to walk around Beverley, including better footpaths and connections to places such as Toogood Reserve
- Safer local streets, including addressing speeding and other traffic concerns
- Better management of traffic, noise and other impacts where residential and industrial areas meet.
- More trees and shade to help create cooler, greener streets
- Better lighting and welcoming public spaces
- Beverley's local character and heritage recognised and protected, including its historic brick kilns
- Clean, well-maintained public spaces that people feel comfortable using

More green space has been a particular priority, with residents advocating for additional green and recreational spaces at Toogood Reserve and William Street.

We've heard you, and there's plenty happening in Beverley. Here's how you can get involved.

BEVERLEY LIVING STREETS – HAVE YOUR SAY

As part of our Living Streets program, we're exploring how streets across Beverley could become safer, greener and easier to walk, cycle and get around.

We want to hear what works well, what could be improved and how our streets can better meet the community's needs, now and into the future.

Your feedback will help shape a long-term vision for Beverley's street network and identify opportunities for improvements, including those that could be delivered alongside future road renewal works.

We'd love to hear your ideas!

Have your say

Tell us what works well and what could be improved across Beverley's streets and public spaces.

Consultation opens Tuesday 24 November 2026 and closes Sunday 31 January 2027.

Visit **yoursaycharlessturt.com.au/future-beverley** or scan the qr code to share your ideas.

MORE HAPPENING IN BEVERLEY

A NEW NEIGHBOURHOOD PARK

We're working with Minister Szakacs and the State Government on an exciting opportunity to create a new neighbourhood park on William Street, providing more green space for the local community.

We hope to invite you to help shape the park's design in early 2027.

BEVERLEY COUNCIL DEPOT

Following the demolition of the former depot building at 66 East Avenue in December 2025, our staff and services have returned to the site in temporary facilities.

We're working through plans for a new depot and will share more information as the project progresses.
