Dear Resident

Community Engagement Outcomes - Woodville South Traffic Safety Improvements and Parking

Thank you for taking part in the recent community engagement about traffic safety improvements and parking in Woodville South. Your feedback has been vital in shaping Council's next steps.

What we heard

During consultation, 147 community members shared their views. Common themes included:

- There is a need to slow traffic and discourage cut through traffic
- There is a need to improve visibility at key intersections i.e. Connor Ave
- Concerns about access to private driveways, especially during football and other busy periods.
- Requests for stronger parking enforcement.
- work with TQEH to find better off-street parking solutions for staff and visitors

What has been decided on Traffic Improvements

Feedback showed strong support for speed humps:

- 50 respondents supported speed humps.
- 15 supported speed cushions.
- 39 supported either option.
- 36 suggested other ideas.
- 7 did not answer this question.

Based on this, Council will:

- **Install speed humps** along Glenhuntley St, GlenEira St, Glengarry St and GlenRowan Road as per the original concept plan.
- **Line-mark intersections** at Connor Avenue and Glen Street, as shown in the original concept plans.

Parking Updates

Temporary Parking Exemptions

Some residents may qualify for exemptions from the current 2-hour parking controls within the Woodville South and QEH precinct. To find out more or apply, visit:

www.charlessturt.sa.gov.au and search for **Parking Exemptions**.

Parking Enforcement and Access to Driveways

Council is continuously monitoring parking compliance within the precinct. Please be advised that expiations are not always placed on vehicles and at times mailed out to vehicle owners so while you may not see an officer on foot, parking controls are actively enforced.

We also heard that property access, particularly during football games, is a concern for some residents (due to parked vehicles).

If you are experiencing impacts to property access due to parked vehicles, please write or email Council at council@charlessturt.sa.gov.au and staff can investigate if there are any feasible opportunities for local access improvements to your property.

QEH Staff Parking in Streets

In May 2025 the Mayor wrote to the Minister for Health and Wellbeing seeking improvements to parking near the QEH for their staff and visitors. A meeting has since been held between Council and QEH staff to discuss parking challenges across the precinct, including use of the multi-storey car park. These discussions are continuing, and we will share further updates on these discussions as they progress.

Strategic and Engagement Committee Report 20 October 2025

We'd also like to advise you that a report on this matter will be presented to the Strategic and Engagement Committee (SEC) at its meeting on Monday, 20 October 2025. The report will share the outcomes of the community consultation and our proposed action.

You can view the report in the meeting agenda, with the Community Engagement Report as an appendix, and will be available on our website from 4:00pm, Thursday 16 October 2025.

How to access the report and meeting details:

- **Strategic Engagement Committee Agenda & Minutes:**
www.charlessturt.sa.gov.au/council/council-documents/agendas-and-minutes/strategicengagementcommittee
(Or visit www.cityofcharlessturt.sa.gov.au and search "Council Agenda".)
- **Requesting a deputation (to speak at the meeting):**
If you would like to address the Committee to share your views, please submit a Deputation Request Form by 10:00am, Monday 20 October 2025:
www.charlessturt.sa.gov.au/council/role-of-council/deputationrequest
(Or visit our website and search "Deputation".)

After the meeting

A summary of the Committee's decision (after **Monday, 27 October 2025**) will be available on the Your Say Charles Sturt project page:

www.yoursaycharlessturt.com.au/woodvillesouthtraffic

Yours sincerely

Evan Woolford
