First Name: **Required**

Last Name: **Required**

Residential Address: **Required**

Suburb: **Required**

Email: **Required**

Telephone:

1. Which street do you live on, or own property, in relation to this project? **Required**

| Select one answer only                   |
|------------------------------------------|
| <input type="radio"/> GlenRowan Street   |
| <input type="radio"/> Glengarry Street   |
| <input type="radio"/> Glenhuntley Street |
| <input type="radio"/> GlenEira Street    |
| <input type="radio"/> Glenlossie Street  |
| <input type="radio"/> Glenavon Street    |
| <input type="radio"/> Grampian Street    |
| <input type="radio"/> Angus Street       |

|                                                                       |
|-----------------------------------------------------------------------|
| <input type="radio"/> Oval Avenue                                     |
| <input type="radio"/> Connor Avenue                                   |
| <input type="radio"/> I live or own property outside the project area |
| <input type="radio"/> Other                                           |
| <div></div>                                                           |

## Your Feedback

3. Of the proposed traffic safety options, which scenario do you most prefer? Required

| Select one answer only                                                                 |
|----------------------------------------------------------------------------------------|
| <input type="radio"/> Scenario 1 - Diagonal Road Closures (go to qn 5)                 |
| <input type="radio"/> Scenario 2 - Raised Intersections & Traffic Calming (go to qn 4) |
| <input type="radio"/> No preference (go to qn 5)                                       |

4. If you selected Scenario 2 (Raised Intersections with Traffic Calming) which traffic treatment would you prefer throughout the street? (Refer to red blocks on the concept plan)

To understand more about the traffic treatments, benefits and things to consider, please review the fact sheets about each treatment option before making your choice. Available in the document library

| Select one answer only                                |
|-------------------------------------------------------|
| <input type="radio"/> Watts Profile speed humps       |
| <input type="radio"/> Flat-top road humps             |
| <input type="radio"/> Flat-top single-lane slow point |
| <input type="radio"/> Angled single-laned slow point  |
| <input type="radio"/> No preference                   |

**5. What is your preferred option for Oval Avenue intersections?** Required

| Select one answer only                                                    |
|---------------------------------------------------------------------------|
| <input type="radio"/> Option 1 - Raised Intersection (pavement)           |
| <input type="radio"/> Option 2 - Raised Pavement with Pedestrian facility |
| <input type="radio"/> Option 3 - Wombat Crossings                         |
| <input type="radio"/> No preference                                       |

**6. Do you have any further comments about the proposed traffic safety improvements?**

[illegible]

***Thank you for your feedback.***  
***Please return your completed form before Monday 20 July 2026.***
