Community Survey: Draft Climate Change Response Strategy

Please take 3-4 minutes or less to share your views and be part of our climate planning process. Please send this completed form to City of Charles Sturt, ATT OSRP, 72 Woodville Road, Woodville SA 5011 or email it to osrp-consultation@charlessturt.sa.gov.au.

Focus Area 1: Climate Thinking

This key area focuses on our internal management, reporting and staff commitment in responding to and managing our climate risks. It's mostly an internal/administrative objective, but we would like to understand if you're supportive of our internal, organisational focus on climate action.

1. How important is the delivery of the 'Climate Thinking' outcome to you? Required

Select one answer only
◯ Very important
◯ Somewhat important
◯ Not very important
◯ Not important at all
◯ Neutral

Climate Thinking Outcome: "Our climate response will be central to our decision making, ensuring polices, systems and our people align to enable greater outcomes".

2. To what extent do you support the identified strategies to deliver this outcome?

	Very supportive	Somewhat supportive	Somewhat unsupportive	Very unsupportive	Unsure
Council's decision-making systems will enable positive climate change outcomes.	◯	◯	◯	◯	◯
We will monitor and implement initiatives to reduce corporate emissions.	◯	◯	◯	◯	◯
We will create a climate informed workforce.	◯	◯	◯	◯	◯

3. To what extent do you support each of the key deliverables proposed?

	Very supportive	Somewhat supportive	Somewhat unsupportive	Very unsupportive	I'm not sure what this is/means
Develop internal procedures and review systems to align with international standards for climate reporting (ISSB IFRS S2).	◯	◯	◯	◯	◯
Standardise emissions reporting across the organisation.	◯	◯	◯	◯	◯
Develop an emissions reduction plan to reduce Council's emissions.	◯	◯	◯	◯	◯
Develop knowledge and awareness within our workforce to enable climate change solutions.	◯	◯	◯	◯	◯
Develop an emissions reduction plan to reduce Council's emissions.	◯	◯	◯	◯	◯

Focus Area 2: Resilient Services, Assets and Landscapes

Climate change poses several risks to the delivery of services we provide to the community, and to the development and maintenance of urban and living/natural assets such as roads, stormwater infrastructure, playgrounds, open space and trees, water resources and other vegetation and biodiversity.
This key area is focused on how we will manage and provide the above services, giving consideration to the climate risks we currently face and will face in the future.

---

4. How important is the delivery of the 'Resilient Services, Assets and Landscapes' outcome to you? Required

Select one answer only
◯ Very important
◯ Somewhat important
◯ Not very important
◯ Not important at all
◯ Neutral

5. To what extent do you support the identified strategies to deliver this outcome?

	Very supportive	Somewhat supportive	Somewhat unsupportive	Very unsupportive	Unsure
Manage the vulnerability of our services and assets for the changing climate.	◯	◯	◯	◯	◯
Protect and support living resilient landscapes.	◯	◯	◯	◯	◯

Resilient Service, Assets and Landscapes Outcome: "Our city is designed, built and maintained to regenerate our environment and to create places that are connected, climate resilient and safe".

6. To what extent do you support each of the key deliverables proposed?

	Very supportive	Somewhat supportive	Somewhat unsupportive	Very unsupportive	I'm not sure what this is/means
Pilot an integrated response to council assets and services that are highly exposed to climate risks.	◯	◯	◯	◯	◯
Transition to electricity generated only by 100% renewable energy.	◯	◯	◯	◯	◯
In partnership with, protect and enhance our coastline through best practice coastal adaption planning.	◯	◯	◯	◯	◯
Increase the condition and extent of our living assets and support nature.	◯	◯	◯	◯	◯

Focus Area 3: Action Together

This section focuses on how Council will work with and support you, our community, and work with partners and stakeholders to reduce our climate impacts and to adapt to our changing climate.

---

7. How important is the delivery of the 'Action Together' outcome to you? Required

Select one answer only
◯ Very important
◯ Somewhat important
◯ Somewhat unimportant
◯ Not important at all
◯ Neutral

Action Together Outcome: "Together with our community we will collectively face the challenges of climate change".

8. To what extent do you support the identified strategies to deliver this outcome?

	Very supportive	Somewhat supportive	Somewhat unsupportive	Very unsupportive	Unsure
Enable our community to transition to a low emissions future.	◯	◯	◯	◯	◯
Build our community's resilience to the impacts of climate change.	◯	◯	◯	◯	◯
Work in partnerships to reduce waste and strengthen the circular economy.	◯	◯	◯	◯	◯

9. To what extent do you support each of the key deliverables proposed?

	Very supportive	Somewhat supportive	Somewhat unsupportive	Very unsupportive	I'm not sure what this is/means
Implement a solar and battery renewable energy program for our community to create a Virtual Power Plant.	◯	◯	◯	◯	◯
Provide our community with free home and business energy assessments and advice.	◯	◯	◯	◯	◯
Work with industry partners to strengthen our community with resources, knowledge, events, and activities.	◯	◯	◯	◯	◯
Communicate effectively to inspire, enable and lead positive climate change response.	◯	◯	◯	◯	◯
Develop and implement a Circular Economy and Waste Plan.	◯	◯	◯	◯	◯
Extend the FOGO trial to reduce food and organic waste going to landfill.	◯	◯	◯	◯	◯

Action Together Outcome: "Together with our community we will collectively face the challenges of climate change".

10. Which of the following initiatives would most encourage and enable you to personally take climate action?

Please select any/all of the community initiatives below (to be delivered by Council) that would mean the most to you personally, or which you would be likely to participate in.

Select all that apply
☐ Access to a solar and battery renewable energy program for the creation of a community Virtual Power Plant.
☐ Receive free home and business energy assessments and advice.
☐ Ability to access additional resources, knowledge, events and activities through Council's industry partners.
☐ Communication and information from Council that inspires, enables and lead a positive community climate change response.
☐ Ability to be part of a circular economy and have a clear waste plan.
☐ Participation in the FOGO trial to reduce food and organic waste going to landfill.

How do you feel about the draft Strategy?

Tell us here what you think of the Strategy generally, and if you think anything is missing.

11. Did we miss something, or do you want to share any other comments on our draft Climate Change Response Strategy?

For example, do you feel something else needs to be considered in the Strategy, do you have a climate action/idea or suggestion you want to pitch to us for future consideration, or want to share something you like or dislike about the Strategy? Tell us here.

What do you think of the Strategy overall?

12. Overall, do you support the new Climate Change Response Strategy? Required

Please give the strategy a rating between 1 and 5 to represent your support where: 1 is low and means, "I think the strategy needs more work" and five is high and means, "I think this new Strategy is great and I'm very supportive of it".

___ / 5

13. If you rated the Strategy as a '1' or '2' out of 5, would you care to share why?

It will help us consider further improvements to the Strategy, and our climate response, now or into the future.

Maximum of 300 characters

Your Details

Thank you. You've reached the end of the survey. We just need a couple of details to finish off.

---

14. Email

If you would like to be kept up to date about the progress of this strategy or would like us to be able to contact you about your responses, if required, please share your email with us.

15. Suburb Required

Your suburb helps us to build data around what is important to specific areas of our city and where we might need to do more education or engagement around Climate Change.

16. Postcode Required
