FEEDBACK FORM
TRAFFIC SAFETY & PARKING UPDATE, WOODVILLE SOUTH

We have developed two options for traffic calming in Woodville South for consideration, and we would appreciate your feedback. Please review the information provided prior to completing your feedback submission. Allow 3 to 10 minutes to complete your feedback, depending on your level of interest.

Completed feedback can be addressed to City of Charles Sturt, ATT: Community Engagement & Experience and posted to PO Box 1, Woodville SA 5011, delivered to 72 Woodville Road, Woodville, or scanned and emailed to engagement@charlessturt.sa.gov.au.

Feedback must be received no later than 5pm, Wednesday 2 July 2025.

About you

Your details are confidential. We collect limited details to share updates with you about this project.

1. Full name Required

2. Address Required

3. Email Required

4. Phone

5. What is your connection or level of interest in this project? Required

Please select the option that best describes you.

Select one answer only
◯ Owner/Occupier
◯ Local resident
◯ Visitor to the area
◯ Business owner in the area
◯ Community group representative
◯ Staff at the hospital
◯ Other

Traffic Feedback

We would like to understand your views on the proposed traffic improvements in Woodville South. Review the concept plans, then provide your feedback below.

---

6. Which traffic calming option do you think is best to address road safety? Required

These traffic calming options help slow down cars and make streets safer.

Select one answer only
◯ Speed cushions - rubber humps, spaced out across the width of the road
◯ Speed humps (watts profile) - asphalt humps across the full width of the road
◯ I am supportive of either
◯ I have a different idea (please tell us below)

7. If you haven't selected a traffic calming option above, what would you suggest instead?

Please tell us any ideas you have, to help slow traffic and improve safety.

8. If the concept plan shows a traffic device in front of your property and you have concerns you would like to discuss, please leave your details below and the project team will be in contact with you.

We cannot guarantee that all requests can be accommodated as there are specific requirements for the placement of speed humps that we need to follow but we will do our best to accommodate individual requests.

Name & contact number

Parking Feedback

We're not proposing any immediate changes to parking arrangements as part of this project, but we welcome your comments while we work with government stakeholders to help inform future discussion and planning.

If you have specific feedback or suggestions related to managing parking in Woodville South, please share your views below.

---

9. Do you have any suggestions for how parking could be managed in the Woodville South and Hospital precinct in the future?

Thank you for taking the time to submit your feedback about traffic safety and parking in Woodville South.

If you have provided a valid email address, we will keep you updated on the project outcomes and any decisions related to this project. If you have not provided an email address, please 'Follow' the project on the Your Say Charles Sturt project page or check back there for updates.
