

SHOW US WHERE ST CLAIR STREETS COULD BE SAFER

We want to make it safer and easier for everyone to get around St Clair, whether you're walking, cycling or driving.

You know your neighbourhood best. Tell us where you've noticed road safety concerns and where improvements to crossings, footpaths or cycling paths could make a difference.

Tell Us

- Where are speeding vehicles a concern?
- Where could walking and cycling be safer?

This consultation focuses on road safety and vehicle speeds. Broader matters relating to the operation of places, shops and open spaces in St Clair are outside the scope of this consultation.

Have Your Say

- Share your thoughts on our interactive map by scanning the **QR code** or visiting: yoursaycharlessturt.com.au/safety-stclair
- Email engagement@charlessturt.sa.gov.au
- Call us on **8408 1357** to share your feedback over the phone or request a hardcopy feedback form.

Chat with us at a community drop-in session and share your thoughts with our project team:

- **Thursday 5 November 2026** at Hill Smith Reserve, St Clair, anytime between 4:30pm - 6:30pm.
- **Saturday 14 November 2026** at St Clair Village, St Clair anytime between 10:00am - 12:00pm.
- **Thursday 19 November 2026** at Tennis Courts by Brocas Avenue Carpark, St Clair anytime between 4:30pm - 6:30pm.

What Happens Next

We'll review your feedback alongside a road safety assessment of local streets, crossings, footpaths and cycling routes. This will help us identify where improvements could make the biggest difference, from managing vehicle speeds and improving crossings to making walking and cycling safer.

We'll share project updates on **Your Say Charles Sturt**, so make sure you select '**Follow the page**' to stay informed.

Consultation closes 11.59pm, Tuesday 24 November 2026.
